

I will!

will you?

Now! For the Future

Giving made easy...
Giving where it counts!

Wills are generally very private topics. However, I have been so impressed with The Ballarat Foundation that I am prepared to “go public” with my intention to leave a bequest to the Foundation. I challenge you to also consider a bequest to Ballarat’s very own Foundation.

The concept of a Community Foundation suits Ballarat so well for all the obvious reasons. I love the idea, and potential, that all bequests and donations are invested and only the income used for grants. This means my bequest becomes a permanent legacy, providing a benefit to the community forever.

I have! Will you?
